THE WEEKLY DIGEST

Volume 25—Number 11 Week of March 15, 1953

In Two Sections **Section TWO**

INDEX TO VOLUME 24

July Through December 1952

As you know, items in QUOTE, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of QUOTE, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, **"Ability—18-1;"** tells you that an item on **Ability** will be found in the **18th** issue of QUOTE under index number **1.**

One or more letters, following an issue number, refers to material in regular departments. For example: **"Accidents—6-MM;"** indicates that an item on **Accidents** appears in the feature *Mining the Magazines* in issue **6.** The reference to **"Accuracy—17-IL;"** means that an item on that subject appears as the feature *I Laughed at This One* in issue **17.** The reference to **"Air Age—7-h;"** means that an item on that subject will be found in the regular *Good Stories* section of issue **7** under index letter **h.**

Quotations in the section *May We* QUOTE *You On That?* are also numbered consecutively, but each number is followed by the letter **Q.** Thus, the entry **"Armed Forces—9-2Q;"** refers to a quotation on that subject in the **9th** issue, numbered **2Q,** in the *May We* QUOTE . . . section. When the **Q** is followed by the letter **t,** as under **"America, Appreciation—22-2Q-t;"** it refers to the special *Quote-ette* feature in issue **22.** A complete list of department abbreviations appears below:
